

Microsoft 365 Office for the Web (with Teams)

Summary

Length: 8 hours Level: Foundational

This course introduces working with shared documents in the familiar Office 365 online apps—Word, PowerPoint, and Excel—as an alternative to installing the Microsoft Office desktop applications. This course also introduces several productivity apps including Yammer, Planner, and Delve that can be used in combination by teams for communication and collaboration.

Learning Objectives

In this course, you will build upon your knowledge of the Microsoft Office desktop application suite to work productively in the cloud-based Microsoft Office 365 environment.

You will:

Sign in, navigate, and identify components of the Office 365 environment.

Create, edit, and share documents with team members using the Office Online apps, SharePoint, OneDrive for Business, and Delve.

Collaborate and work with colleagues using the Yammer and Planner apps.

Use email and manage contacts with Outlook on the web.

Collaborate using Teams.

Configure Teams.
